

SKYLINE HIKERS OF THE CANADIAN ROCKIES (SHCR)

We are a volunteer non-profit organization founded in 1933. Each summer, people from around the world hike into a base camp in the back country of the Rocky Mountains.

For one week, hikers participate in a series of day hikes.

Skyline Hikers provides the base camp accommodation, dining tent with cooking staff and delivery of duffel into camp.

Skyline also provides bus transport to and from trail head. In addition to back-country hiking, SHCR promotes good fellowship, the appreciation of the outdoor life and the preservation of the mountain ecology.

Enjoy Mountain Hiking and Camping

Picture yourself hiking in a remote setting catching glimpses of glaciers, waterfalls and clear mountain streams. Think of the wonderful vistas available in the back country, the spectacular lookouts, the wildlife and the mountain wildflowers. Hiking on ground where early explorers ventured over a hundred years ago...

As you return to base camp, a hearty meal awaits you prepared by skilled cooks in a covered dining tent. Sit around with fellow hikers reminiscing about the days adventures.

Following dinner, gather around a campfire for an evening of singing, story telling or just good companionship.

Hiking Ability

Each hiker for the SHCR participates in daily hikes suited to their particular abilities. Hikes range from easy jaunts to a nearby waterfall, to a strenuous climb to a mountain lookout. Distances range from 5 to 25 kilometers with up to 1500 m elevation gain.

Camp Accommodation

Wilderness accommodation is provided for up to 55 hikers in each camp. Each tent holds from two to four hikers, and has foam sleeping pads and a wood burning stove for those cool nights. All meals are supplied. Medical assistance is available.

Dates of the Hikes

Camps are held weekly during July and August, departing to camp on a Monday, returning to trailhead on the following Saturday. See the enclosed insert or our website for specific dates and hike details.
